Dear student,

This *Language Portfolio* is your property. It has been designed to help you improve your language learning. It will accompany you throughout your school life and will help you document your learning both inside and outside the classroom.

The *Language Portfolio* contains material which you can use and then keep as a record of your learning. In this portfolio you can also include any extra material given to you by your teacher throughout the course. However, the final decision about what to include in the *Language Portfolio* is completely up to you.

In practice, *Language Portfolios* may include a project or other examples of written work, computer diskettes (with some work or drawings completed inside or outside the classroom), video cassettes (with your favourite story or with performances of songs, school plays, etc), certificates, reports from your teachers, or even a collection of objects or pictures.

Here is a short explanation of each section in your *Language Portfolio*:

I. Language Passport

This is an updated report of your progress in English language learning. You will include in this section any evidence of your formal qualifications (certificates, diplomas), tests, progress report cards, self-assessment cards, etc.

II. Language Biography

This is an updated record of your personal language learning history which helps you evaluate your learning aims and reflect on your language learning and inter-cultural experiences.

III. Dossier

This is a collection of your work which you have chosen to illustrate your language skills, experiences and achievements in the English language. In this section of your *Language Portfolio* there is some material you can use. You can also file any work you do inside or outside the classroom that you would like to keep as evidence of your work in English.

We hope you really enjoy doing these activities.

How to organise your *Language Portfolio*

In your *Language Portfolio* you can include almost anything you have produced or collected that shows your progress in English. We suggest you keep your work in plastic envelopes so that it stays in good condition.

In practice, your *Language Portfolio* can be any shape or size according to the material you choose to store.

Your *Language Portfolio* can include any of the following:

I. Language passport

Here you can record all your achievements in the English language. You can include certificates, diplomas, progress report cards, self-assessment forms, tests, etc. In general, you can include anything that is proof of your competence in English.

Every time you add something, record it on your Language Passport Chart.
